REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

The 1964 forest fire season surpassed the record year of 1963 in both length and severity. For the second successive year, we experienced a rainfall deficiency of more than ten inches and the compounding of such drought conditions; together with the many days of strong, dry winds, characterized 1964 as one of the most hazardous years in the past half century. Although our fire season was three weeks longer than that of 1963, the number of fires showed only a slight increase and more remarkable was the fact that the area burned dropped from 2280 acres in 1963 to 900 acres in 1964. Early detection and rapid response kept many potential fire disasters from becoming reality. We all owe a debt of gratitude to the men in this community who responded and fought our fires so efficiently. Our state is now 86% wooded and its economy - both industrial and recreational - is greatly dependent on this forest resource. The responsibility for adequate fire protection of this great area - 4,350,000 acres - is everyone's responsibility and prevention is one of our most effective tools.

Prevention is good common sense.

1. Take your rubbish to the town dump. If you must burn, obtain a permit and watch your fire until it is dead out.
2. Instruct your children in fire safety. Keep matches from young children. Explain to them the dangers of lighting matches and making outdoor fires.
3. Be sure discarded smoking material and matches are out.

A major portion of our preventable fires this year are chargeable to three causes: (1) permit fires allowed to escape; (2) children playing with matches; and (3) smokers.

Let's be mindful of the fact that all such fires endanger property and lives.

We wish to thank you for your very fine cooperation during the past fire season and with your continued cooperation we are confident that we can improve our fire record in 1965.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of Croydon:

Enrollment

Mrs. Doris Farrington is again teaching grades 1-3 at the Village School with an enrollment of 23 pupils, divided as follows:

Grade 1	9
Grade 2	8
Grade 3	6

State Aid

The amount of \$2,718.98 was received in State Foundation Aid this year. An estimate of \$3,000.00 is included in next year's budget for this item. It is quite likely that more than the \$3,000.00 estimated will actually be received as Governor King has recommended an **increase** of \$900,000.00 for the next biennium for this Aid program.

The manner in which State Aid is figured may be of interest. It is based on:

- a. The number of pupils who **reside** in Croydon — not where they attend school.
- b. Equalized Valuation (Set by the State Tax Commission)

Croydon's breakdown is as follows:

Number of Elementary Students - 56.5	
multiplied by \$252.21 each =	\$14,249.86
Number of High School Students - 18.0	
multiplied by \$378.72 each =	6,816.96
	<hr/>
Total	\$21,066.82
(Last Equalized Valuation - \$1,310,560.00)	
Less \$14.00 Tax per \$1,000.00 of	
Equalized Valuation	18,347.84
	<hr/>
Amount of 1964 State Aid Payment	\$ 2,718.98

Sweepstakes

The amount of \$1,799.71 was received in 1964 as Croydon's share of the proceeds from the New Hampshire Sweepstakes. \$2,200.00 is estimated to be received in 1965 from

this state source. These funds have gone to **reduce** the amount of money to be raised locally for school purposes.

Area School Study

By action of a Special Meeting of the School District held on October 7, 1964, three members were selected (Mrs. Barbara Newcomb, Franklyn McIntosh, and Bruce Tutein) to serve with other committee members from Newport and the Goshen-Lempster Co-operative District to explore the possibilities of the AREA School Plan as provided by action of the 1963 Legislature.

This nine member Committee held a number of meetings and was able to obtain the services of Mr. James O'Neil as a Consultant through a grant from the Spaulding-Potter Trust. As the study proceeded, it developed that the present provisions of the AREA law would have raised the "rental charge" on tuition students rather substantially over the amount now charged on the straight tuition basis.

Since it seems unfair to have two different methods of determining "rental charges," the Committee members voted to recess temporarily awaiting the outcome of any action by the 1965 Legislature in straightening out this difficulty in the present AREA law. When and if this AREA Committee has recommendations to make, the law requires that public hearings be held in **each** of the School Districts involved.

Respectfully submitted,

GORDON B. FLINT

Superintendent of Schools
